

**APPENDIX A**

SERVICES REFLECTED HEREIN MAY NOT BE AVAILABLE. Levels of Service; their frequency, quality, quantity and timeliness are influenced by the installations' funding posture and changes from higher headquarters. Customers will reimburse for all services above Common Levels of Support (CLS) in accordance with DODI 4000.19 for any service that “. . . increases the support supplier's direct costs (i.e., incremental direct cost). Costs associated with common use infrastructure are non-reimbursable, except for support provided solely for the benefit of one or more tenants. . .” Reimbursable costs may include but are not limited to overtime for Garrison employees, actual cost of contract support or any other incremental direct costs to provide services beyond the common level of support for a tenant or other customer.

**Service 64 – Conservation Programs  
Directorate of Public Works (DPW)  
Point of Contact: 301-677-9648  
www.fortmeade-ems.org**

**Common Level of Support:**

Provide interpretation, guidance, and direction for protection of the environment at US Army Garrison, Fort George G. Meade and associated US Army Garrison, Fort George G. Meade interests. Guidance includes Federal, State, and local environmental laws, policies, regulations, and directives.

**Receiver Responsibilities:**

- a. Comply with US Army Garrison, Fort George G. Meade, initiated environmental protection programs, guidance, and directives.
- b. Request technical assistance, as necessary, to ensure compliance with all Federal, State, and local laws, policies, regulations, and directives.
- c. Obtain concurrence from the US Army Garrison, Directorate of Public Works Environmental Division, for all standing operating procedures, plans, and operations which could possibly affect the environment, including but not limited to natural resources, forest, wildlife, migratory birds, fish, and wetlands, any body of surface water, endangered species, archaeological resources, or historic structures. Assist Federal, State, and Army environmental inspectors in gaining entry to receiver's premises for the purpose of conducting environmental audits and inspections.
- d. Prepare or fund the preparation of any environmental documents required under the National Environmental Policy Act (NEPA). All NEPA documents must be routed to the Environmental Division for review and approval.
- e. Accomplish any required environmental mitigation resulting from receiver's activities or actions affecting the environment.
- f. Ensure Receiver's own BOS contractors (if any) are trained on environmental support.**

**Reimbursable Level of Support:**

#### APPENDIX A

SERVICES REFLECTED HEREIN MAY NOT BE AVAILABLE. Levels of Service; their frequency, quality, quantity and timeliness are influenced by the installations' funding posture and changes from higher headquarters. Customers will reimburse for all services above Common Levels of Support (CLS) in accordance with DODI 4000.19 for any service that “. . . increases the support supplier's direct costs (i.e., incremental direct cost). Costs associated with common use infrastructure are non-reimbursable, except for support provided solely for the benefit of one or more tenants. . .” Reimbursable costs may include but are not limited to overtime for Garrison employees, actual cost of contract support or any other incremental direct costs to provide services beyond the common level of support for a tenant or other customer.

- a. Provide contract support in the preparation of National Environmental Policy Act compliance documents including but not limited to Environmental Impact Statements and Environmental Assessments. Support includes overseeing contract, directing contractor, and managing document review.
- b. Provide technical planning and oversight services for the development and implementation of natural resource mitigation requirements resulting from National Environmental Policy Act, Clean Water Act, Migratory Bird Treaty Act and Endangered Species Act mitigation requirements.
- c. Provide technical planning and oversight services for the development and implementation of cultural resource mitigation requirements resulting from National Historic Preservation Act.
- d. Provide funding for fees and/or permits required to meet Clean Water Act Section 404 requirements for receiver-sponsored projects.
